Flag: Flag for follow up

Hi Sarah,

The EJ team met today (along with Danny H. and Melanie W.) and discussed the D-W EJ work request. Unfortunately, we weren't able to reach any conclusions about how to staff the work and we'd benefit from a conversation with you and others to get a better handle on the task, the role of others in achieving it, and the steps involved. In addition to your program and EJ (me, Jean, Danny, and Melanie), it would be helpful to have Kimi and Kim V. there. Thanks for offering to set something up.

Corbin

Thanks Sarah. I'm meeting with the rest of the EJ team today and we'll discuss how we want to handle this, post-realignment. I'll be in touch after that. I think a short meeting with whoever is going to be involved is a good idea.

Subject: Dewey Burdock EJ work

Hi Corbin –

Since the second public comment period for Dewey Burdock has closed, we have been working to determine a path forward to issue final permits no later than August 2020. One of several documents we need to finalize is the EJ analysis, which is why I'm reaching out to you.

We'd like support from the EJ team to review any new comments received on EJ, determine what changes to make to the EJ document, and to make those revisions. We'd like to have the revised EJ analysis completed by mid-April so we have sufficient time for technical, legal, and management review as well as any subsequent revisions.

Given the realignment, I thought I'd start with you to request this assistance. Please let me know who else I should reach out to. I can also set up a time for us to meet next week to discuss this effort in more detail.

Thanks,
Sarah
